

## LATEST NEWS FROM MAUI.

Political Affairs Begin to Boom on Our Near Neighbor.

## A FEW INDEPENDENT CANDIDATES.

The Crater House on Haleakala Nearly Completed—A Paper for the Benefit of Teachers—An Addition to the Population—How Japanese Beat Taxes.

MAUI, Oct. 20.—On Maui the political hunt is necessarily a still one, for the opposition to the regular Union Party ticket is slight, and what there is of it comes not from the enemy but from within the party's own camp.

Makawao and Lahaina will probably give solid support to the regular nominee.

In Wailuku at the election for constitutional delegates a difference arose in the Union Club over the Asiatic labor question, and about a dozen gentlemen withdrew from the organization. This feeling has somewhat increased—the bolting coterie openly declaring that they are skeptical in regard to the Union Party's sincerity concerning the restriction of Asiatic labor to agricultural purposes, and consequently are backing William Goodness for senator, though he is a member of the very party in which they express a want of confidence. Wailuku district has registered 61 senatorial electors of which, it is stated, Mr. Goodness will receive half.

In Hana district the split within party lines is of more recent origin. Some days ago a meeting of the Union club was called to elect delegates to the Wailuku convention, but owing probably to insufficient notice no members from Mokae and Kipahulu were present, so it was decided to hold an informal meeting. Nevertheless an informal vote was taken in regard to E. M. Hanua and Wm. Haia who were probable nominees for representative. Haia was declared to be the choice of the gentlemen present. Mokae citizens also conducted a sort of informal canvass and they seemed to be unanimous in favor of Rev. E. M. Hanua.

As the Hana club failed to send any delegates, the Wailuku convention nominated Hanua on the ground of his seniority of service in annexation ranks. The contest in Hana district proper will be of a rather exciting nature, Mokae and a part of the Hana voters supporting Hanua, and Kipahulu and a part of Hana backing Haia. It is "up and tick" as to which of the two will carry his home district with the odds slightly in favor of the latter. Generally speaking there will be little excitement in regard to election of representatives, as all the present nominees will surely be elected as they number but three.

Friends of Goodness believe that they will carry a majority of the 187 voters for senators, and hope to defeat one of the three candidates of the Union party.

The regular party slate on Maui consists of Messrs. H. P. Baldwin, W. Y. Horner and A. Hocking for senators, and Messrs. A. Pali and E. M. Hanua for representatives.

Mr. P. A. Dias of Honolulu who was named by the Wailuku convention as the third candidate for representative, has positively declined to run, owing to ill health. The independent candidates are William Goodness of Wailuku for senator, and William Haia of Hana for representative. Independence on Maui seems fond of the name of William.

## STRAY SCRIBBLINGS.

The "Crater House," on the summit of Haleakala is progressing rapidly. The masons at work there find the lava rock rather harder than was expected. A cistern for water and a shelter for horses are to be erected.

A paper for the benefit of island teachers is soon to be printed at Kamehameha School. If the proposed Lahaina paper makes a success of it, Hawaiian pedagogues will have considerable educational matter to peruse.

The Maui Telephone Company recently elected four new trustees: Messrs. J. W. Colville, Thomas Campbell, D. C. Lindsay and F. W. Hardy. The company's finances are in a sound and prosperous condition.

The household of Mr. and Mrs. J. L. W. Zumwalt of Kahului has been recently made happy by the advent of a baby girl.

For ways that are dark and for tricks that are vain the Maui Japanese is peculiar. When a gentleman from Tokio wishes to visit Hana, he either borrows, begs or hires a tax receipt from some acquaintance and with it evades the payment of \$5 to the Hana officials. By the next mail the said receipt is sent back over the mountains, and his natural enemy, the Government, has been enriched.

It is stated that Mr. W. H. Halstead has accepted the position of sheriff's clerk.

It is learned with regret that L. M. Vettesen retires from the management of the Kahului store the first of the coming month.

The Haiku poverty party was postponed from last night to Friday the 28th ult., thus granting a longer time to accumulate old clothes.

W. O. Atwater has been visiting at Haiku during the week. It is rumored that upon the resignation of Deputy Sheriff Hooking of Makawao to run as Senator, Deputy Sheriff King, of Wailuku, will be transferred to the mountain district.

A riding party of Makawao young people occurred last Monday evening. A brake, wheels upward, was discovered upon the roof of a Paila gentleman's cottage last Tuesday morning. Echo asks, "Is there any connection between the above-mentioned statements?"

Sheriff Andrews paid a visit to Hana during the week.

Weather—Light showers during the week and light thunder during yesterday afternoon; still the drought is such that Maui people generally have no butter for bread.

## FIRE ON KAUI.

Three Chinese Stores Burnt Out—Little Insurance.

Early on the morning of October 19th the premises occupied by Chop Tin at Kapaa, Kauai, were discovered to be on fire. The flames spread rapidly, and in a short time the greater portion of the Chinese settlement was in ashes. Some ten days ago Chop Tin sold his interests here to Quong Wah On & Co., of Honolulu, who are the principal sufferers. It is reported that they were insured with Hackfeld & Co. for \$4000 or \$5000. Chop Tin lost everything, including his house and furniture, on which there was no insurance.

Poo Wah's general merchandise store was a total loss, including \$1500 cash, with no insurance. Tom Yirk's store was a total loss, with no insurance.

The fire is thought to have been of incendiary origin, and would have spread over a much greater area had it not been for the prompt assistance rendered by a gang of Japanese under the direction of C. B. Makee, of Kapaa.

For some time we have been trying to get hold of a GOOD LAWN MOWER, one that would do all the work of high priced machines, and yet sell for about ONE HALF THE MONEY. We have succeeded in finding just such a LAWN MOWER and do not hesitate to recommend them to you. If you want a Lawn Mower these will please you in every respect and cost you as we say about one-half the usual price.

Besides our regular line of 3 and 4ply HOSE we have the WATERBURY SPINSTER GRIP GALVANIZED SPRING STEEL ARMORED HOSE, which is the best of the kind in this market. Those who have used the common iron hose will appreciate the WATERBURY STEEL ARMORED HOSE: it last longer and is in every way better.

The CACTUS LAWN SPRINKLER was evidently made to never wear out; it is simple and inexpensive, while it does the work of any other Lawn Sprinkler, though it has no revolving parts.

Remember, we sell PEARL OIL at \$1.90 per case, c. o. d., delivered to any part of the city.
